## Inauguration of Virtual Lab Nodal Center

&

## One day faculty development program on

## “Virtual Lab- A Tool in Internet Based Experimentation”

Nansaheb Mahadik College of Engineering (NMCE) has organized One day faculty development program on “virtual lab- a tool in internet based experimentation” on 24<sup>th</sup> august 2019 for the faculties of NMCE and nearby engineering, polytechnic institutes in association with IIT, Bombay and PVGCOET, Pune. The program was intended to create an outreach about the use of virtual lab as an ICT tool in internet based education.

The program was inauguration at 11:00 am by Dr. V. A. Kulkarni, Principal, NMCE, Mr. Pushpadeep Mishra, Program coordinator, IIT Bombay, Prof. Tanuja Khatavkar, Regional center coordinator, Prof. Minal Apsingi, Nodal Coordinator, Prof. Manaish Nagoshe Technical Coordinator from PVG college of Engineering Pune.

Dr. V. A. Kulkarni, Principal, NMCE felicitates Mr. Pushpadeep Mishra, Program coordinator, IIT Bombay with Mrs. Tanuja Khatavkar

Prof. Manaish Nagoshe Technical Coordinator from PVG College of engineering Pune interacted with the participants presenting various stages in the development of experiments in virtual lab and process of development using open source softwares.

A hands-on technical training session was arranged at 2:00 pm for all the participants after the lunch in central computing facility of the institute. The session was conducted for 2 hours. The participants were given in detailed practical exposure and procedural details of the experiments to be conducted using virtual lab facility. The participating teachers also conducted experiments from their subject of expertise for getting in depth knowledge about the Virtual lab facility.

A hands-on technical training session for the participants in central computing facility of the institute
